### EDUCATION

|                  |           |                                        |      |
|------------------|-----------|----------------------------------------|------|
| B.Tech CSAI      | 2023-2027 | Netaji Subhas University of Technology | 8.32 |
| CBSE (Class XII) | 2023      | A.V.International Public School,Sirsa  | 89%  |
| CBSE (Class X)   | 2021      | A.V.International Public School,Sirsa  | 94%  |

### COURSE WORK / SKILLS

- Data Structures & Algorithms
- Database Management System
- Object Oriented Programming
- Operating Systems
- Computer Networks
- Machine Learning

### ACADEMIC PROJECTS

#### ResearchGapAI | Python, Streamlit, NLP, FAISS, LLMs, Generative AI | Research Analysis System |

- Built an end-to-end research analysis platform that fetches research papers, perform semantic search, and identifies research gap using Llama 3.1 via Groq API.
- Applied Sentence Transformers and FAISS for vector-based retrieval and developed a Streamlit interface for research recommendations and analytics.

#### Job Description and Resume Matcher | Tech - Python,NLP,Flask,TF-IDF,Bootstrap | NLP |

- Built a Flask-based web application that matches resume with job description using TF-IDF vectorization and cosine similarity.
- Implemented text extraction and preprocessing from PDF,DOCX, and TXT files using PyPDF2 and docx2txt.

#### AI Medical Chatbot | Tech – Python,Langchain,HuggingFace,Streamlit | NLP+LLM |

- Developed a medical chatbot using Retrieval Augmented Generation to provide document-based and context-aware responses.
- Designed backend pipelines for document ingestion,text chunking,vector embedding and efficient semantic Retrieval using Langchain and HuggingFace.

### ACADEMIC ACHIEVEMENTS AND AWARDS

- Secured 2<sup>nd</sup> position in Winter Sports(Cricket) and first position in Chess demonstrating teamwork and leadership skills.
- Successfully completed the GFG 160 challenge by maintaining a 160 days coding streak.
- Secured 2<sup>nd</sup> position in ML Bootcamp conducted by IEEE, demonstrating strong understanding of ML Concepts. | [Certificate](#)

### POSITIONS OF RESPONSIBILITY

#### Community Internship |Social Education and Liberty Foundation(SELF) |[Certificate](#)

- Completed 80+ hours of community service, contributing to teaching initiatives and food distribution drives For underprivileged communities.

#### SocialMediaMarketingIntern |Pehchaan-The Street School|[Certificate](#)

- Managed and upload photos and videos on social media platforms to enhance the organization's online presence and outreach.

### TECHNICAL SKILLS

- **Languages:** Python, C/C++, SQL, HTML, CSS
- **Developer Tools:** VS Code,Jupyter,Notebook,Anaconda,Git
- **Libraries:** Pandas, Numpy, Sci-kit Learn, Keras, Tensorflow, Matplotlib
- **Technologies:**Machine Learning,Natural Language Processing, Streamlit.
